Executive Committee
Medical-Chirurgical Faculty of Maryland
Medical-Chirurgical Library
1201 Cathedral Street
Baltimore, Maryland

Attention: W. D. Wise, M. D.
Chairman, Executive Committee

Gentlemen:

On several occasions Maryland occupational therapists have met jointly with members of the Maryland Physical Therapy Society and the Advisory Committee on Physical Therapy of the Medical-Chirurgical Faculty to discuss matters of legislation.

At one of these meetings it was suggested that Dr. Thos. P. Sprunt's committee should also function in an advisory capacity for occupational therapy as it now does for physical therapy.

Therefore, the Maryland Occupational Therapy Society requests that the Medical-Chirurgical Faculty of Maryland extend the advisory capacity of the present Physical Therapy Committee to include occupational therapy.

Very truly yours,
MARYLAND OCCUPATIONAL THERAPY SOCIETY

Ruth W. Brunyate, O.T.R.
President
